

Scotch-Brite Classic XXL Scouring Pad

Date: Dec. 2023

Supersedes: Jan. 2016

Issued/Approved by: N.A.A./M.C.

DESCRIPTION	Scotch-Brite Classic Scouring Pad XXL is a green scouring web made from high quality synthetic fibers forming an open textured nonwoven web, having strong particles as abrasive, and all bonded with a durable resin.
PRODUCT ADVANTAGES	<ul style="list-style-type: none">▪ Powerful and durable scouring pad for everyday use.▪ Bigger size for higher yield▪ Ideal for removing grease and burnt on food from pots and pans.▪ High cleaning efficacy.▪ Long lasting product, with consistent performances over product life.▪ Conformable, can reach difficult places.▪ The web is easy to clean due to its open structure.▪ Can be used in hot water with common cleaning chemicals (including diluted bleach).▪ Can be used dry.
WHERE/WHEN TO USE	Scotch-Brite Classic Scouring Pad XXL can be used for scrubbing cookware, pots and pans, for cleaning burners, oven trays and most equipment in the kitchen. It removes hard soils and burnt on food deposits. This scourer should not be used on surfaces that could be damaged by scratching.
DIRECTIONS FOR USE	Rinse the product under tap water before first use, and after each use. If needed, remove deep embedded soil by soaking in a cleaning solution to dissolve soil.
LIMITATIONS OF USE	Due to the scourer being designed for heavy duty cleaning tasks (burners, grills and the like), it should not be used on delicate surfaces.
