

## Ref 76

# Black thick Pad for extra heavy-duty cleaning

### Technical Data Sheet: TDS 209

Date: February 2023

#### Description:

The product is a heavy-duty grade general purpose cleaning and scouring hand pad, made of high quality coarse synthetic fiber, forming an open textured non-woven web, having coarse abrasive cleaning particles dispersed throughout and bonded to the web with a durable resin.

#### Product Advantages:

- Excellent scouring performance = removes dirt and baked food on pots, pans, griddles...
- Doesn't keep or release harmful ingredients.
- Can work with hot water and usual cleaning chemicals.
- Long lasting.
- Dimensions fit with general handles.

#### Where and When to Use:

Use to remove and clean heavily encrusted food residues on pots, pans, griddles, ovens, broilers and another kitchen equipment.

Use only on surfaces not affected by scratches.

Use also in the industry to clean heavily soiled parts and equipment.

#### Maintenance:

Rinse the 76 Black pad with clear warm water after each use.

Slightly brush to remove deep embedded soil.

#### Product Characteristics:

Property	Nominal Value
Weight:	2540 g/sqm 35 g/unit
Thickness:	26 mm
Size:	95 x 158 mm
Colour:	Black
Aggressiveness*	3.2g removed.
Composition	<ul style="list-style-type: none"><li>• Nylon fiber</li><li>• Dedicated mineral</li><li>• Polymer resin</li></ul>

\*Schiefer test on acrylic plate material (after 5000 revolutions with a new pad)

#### Product Origin:

Made in Thailand, in a 3M ISO 9001:2015 and ISO 14001:2015 certified plant.
